FOREWORD

Within the pages of this book we have tried to present the finest examples of the character and scholastic standing of our school, the great expectations of its Seniors and the invaluable patience, fortitude and dedication of our faculty and administration. ☐ With this in mind we present the Hilltop for 1968.

LK

In Dedication to . . .

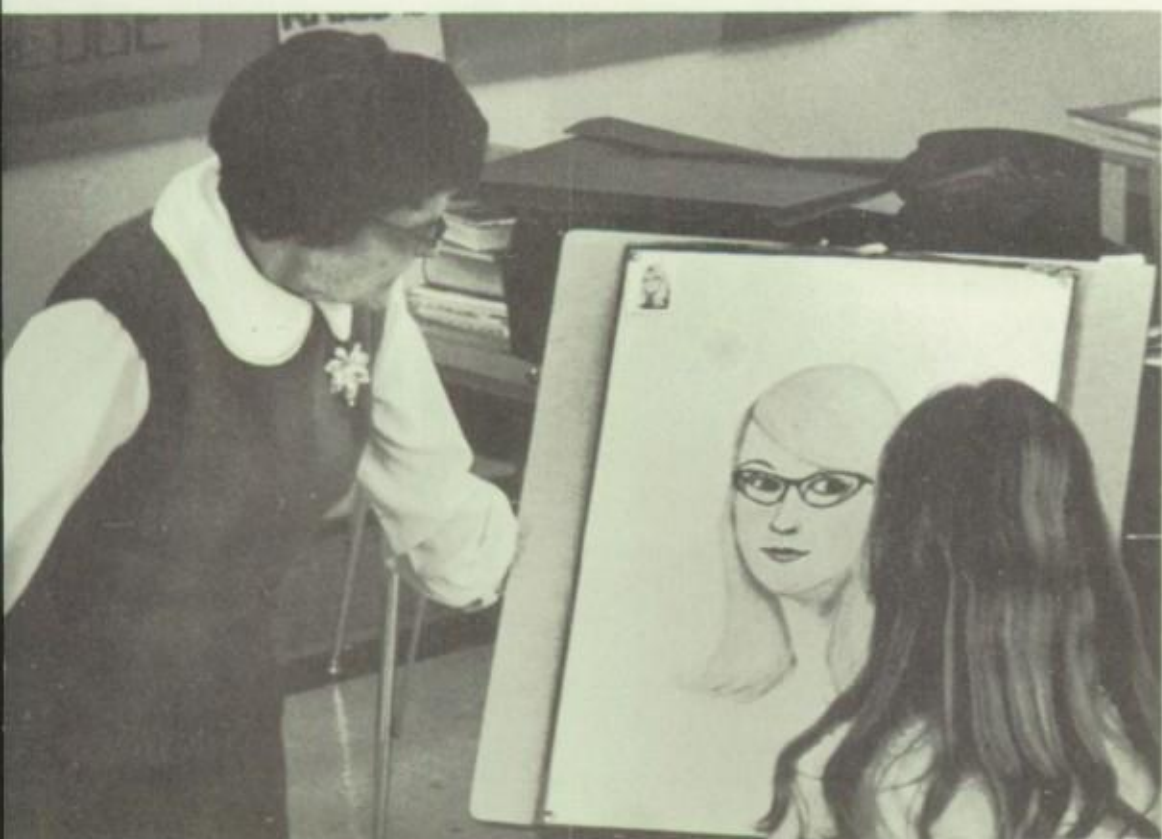

Mr. Daniels

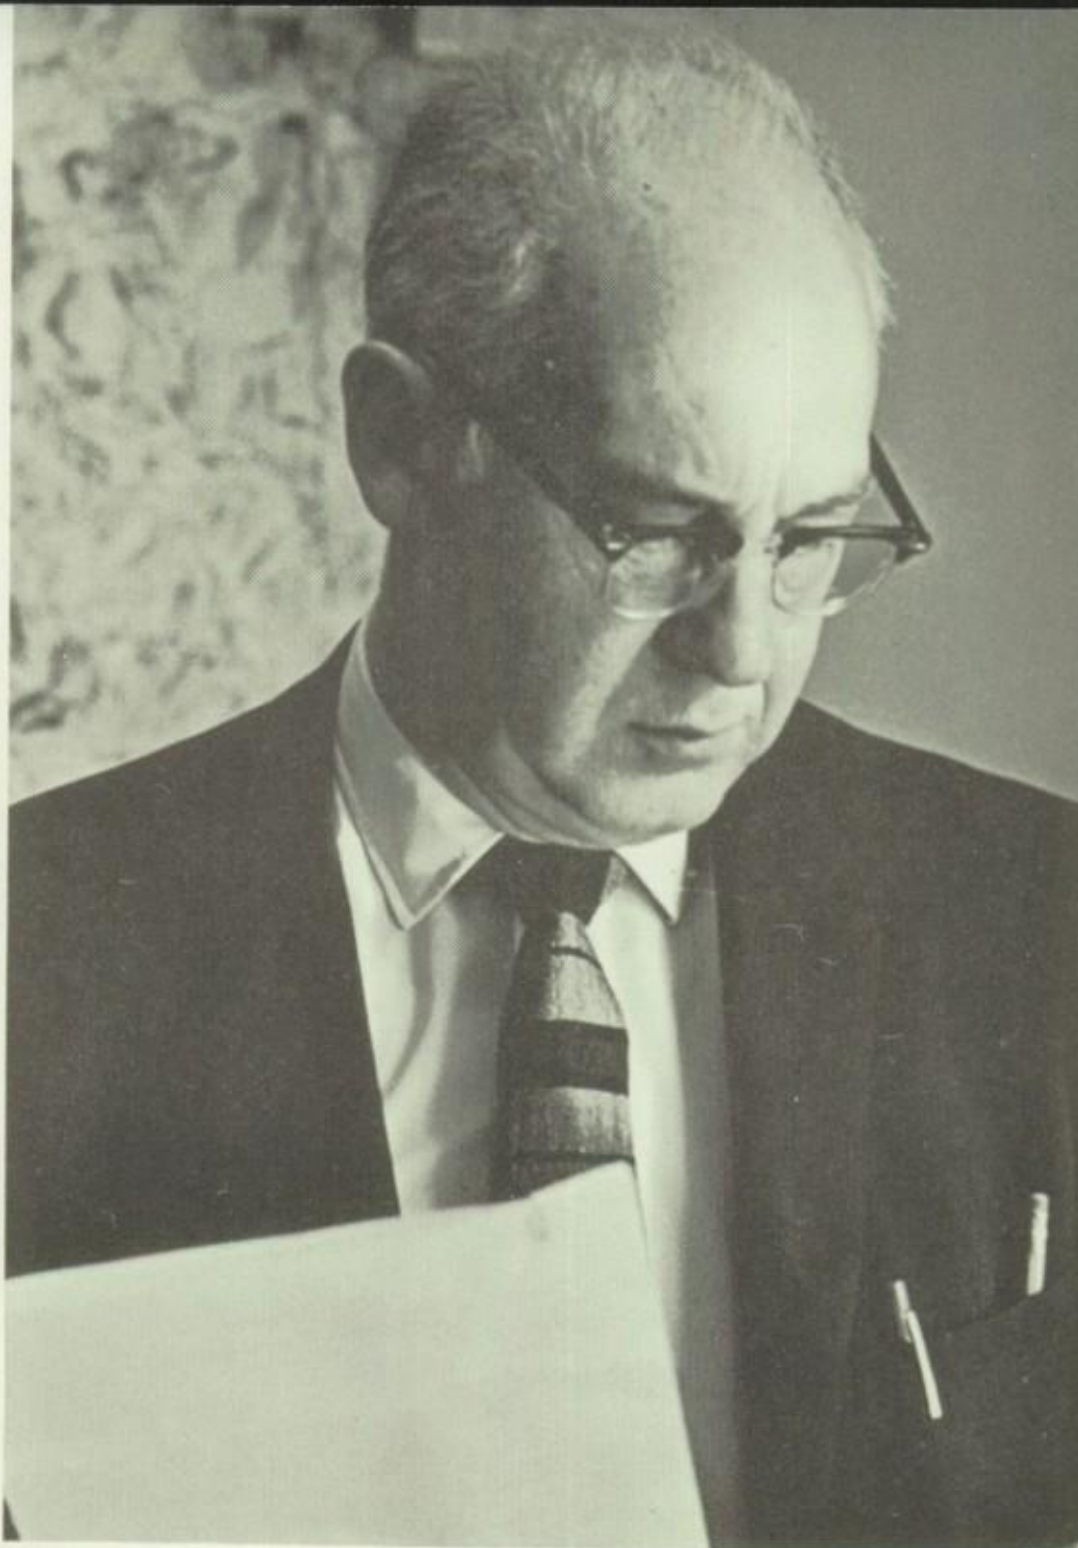

☐ *As another year comes to a close, the senior class sees two people who have worked diligently for the interests of the students and the school. ☐ One is our class advisor, Mr. Daniels, who has aided us consistently in making our endeavors a success and second is Mrs. Brossman who has furthered the artistic talents and appreciation of all the students. ☐ Because of their concern and interest, we the seniors dedicate this yearbook to Mr. Kim Daniels and Mrs. Mildred Brossman.*

And
Mrs. Brossman

Mr. James Davis

Principal's Message

☐ *If those of us who are interested in education are different, it may be because we still see the light of youth, and this is our guiding motivation. To make this light glow the brighter—that's the task.*

☐ *This has been the task of six of our faculty who are retiring at the end of this school year. Mrs. Virginia Alexander, Mrs. Marion Fox, Mrs. Geneva Frank, Mr. Merrill Maines, Miss Dorothy Salhoff and Mrs. Mildred Brossman. They have worked long and with great zeal to light the lamp of knowledge for our students. We wish them health and happiness in their future.*

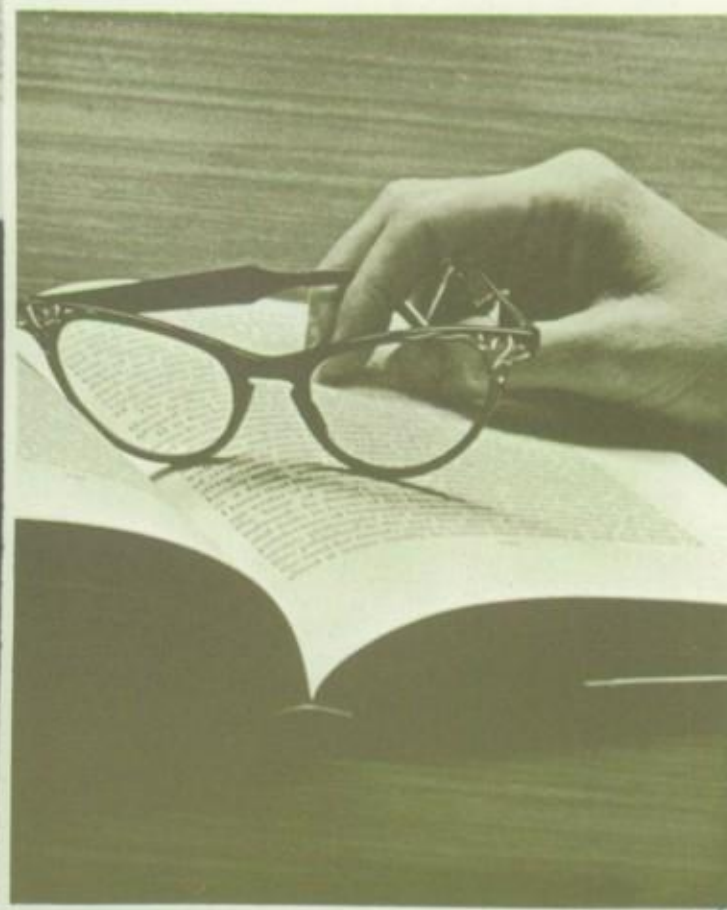

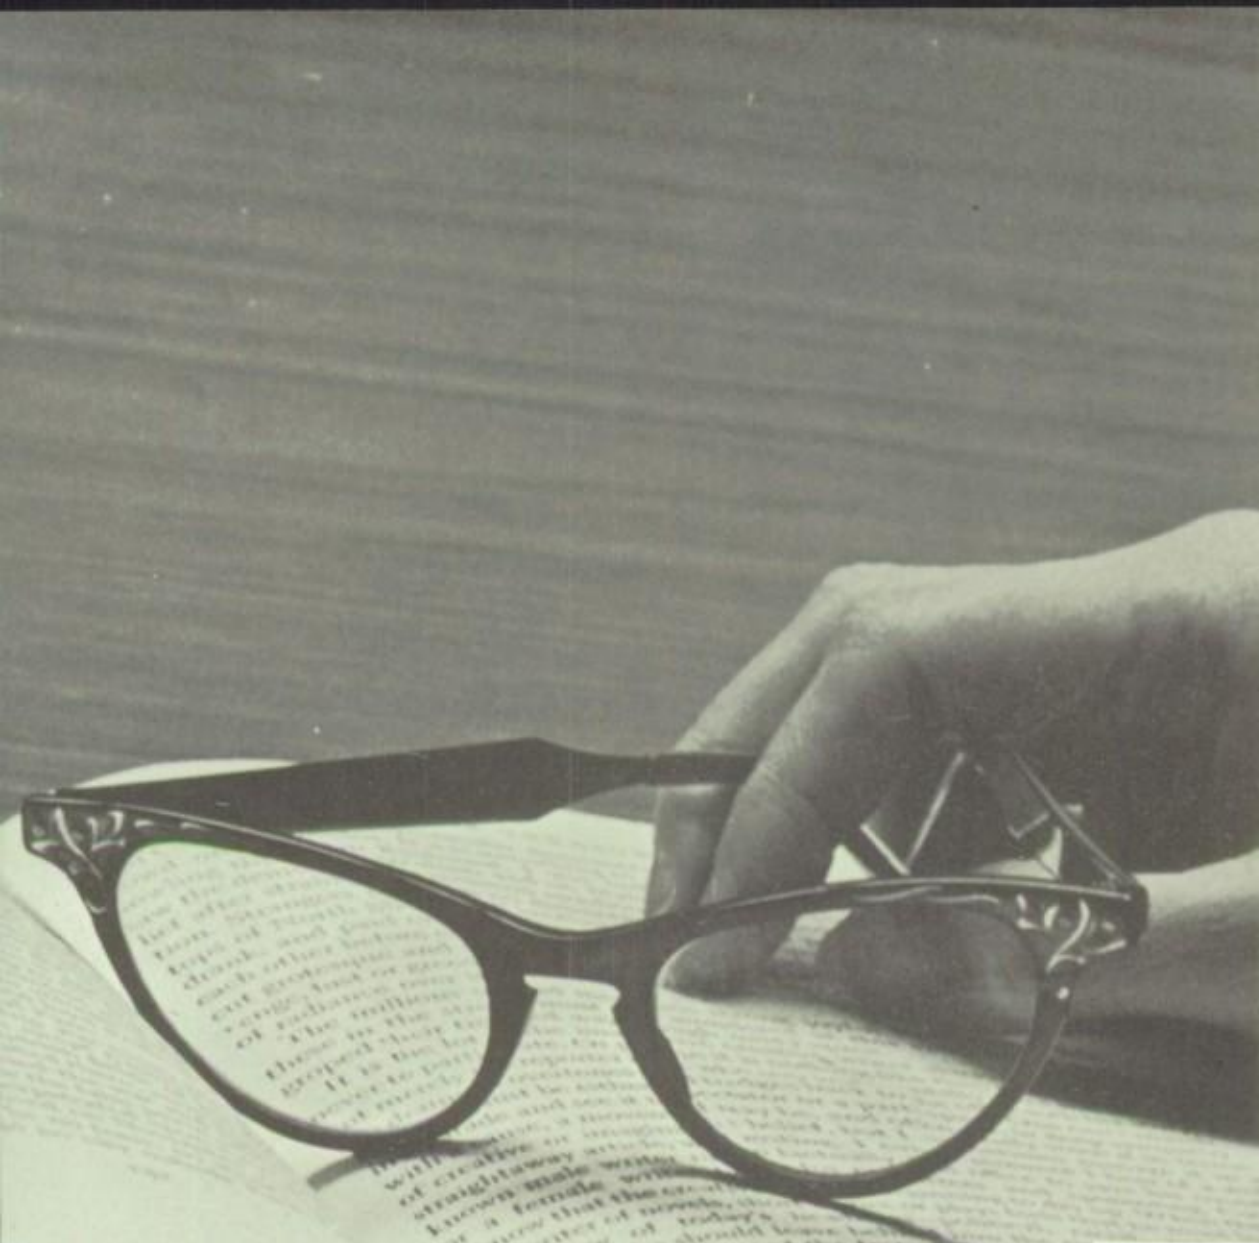

☐ *For those students who leave R. C. S. as H. S. graduates—keep your light of knowledge shining brightly for it will be your guide. For those who will continue as students, continue to polish your light of knowledge. You will not regret the time spent.*

Retiring Teachers

- ☐ *Marion Fox*

Motto —

"It's Up To Us"

Class Song —

'We Will E'er Remember'

"Til there was you"

*As we leave R.C.S., we will remember,
The high school days now gone that we have
had.*

*As we passed through the years, our ideals
were surely molded,
By the skillful hands of those who lit our way.
And there are people and there are wonderful
places, they tell us,
For young searching eyes to see.*

*And the world that we face, now that high
school is behind us,
Is a strange and wondrous place we must
explore.*

*And we know as we go, that we shut this door
behind us,*

*But we'll open many more as we go on.
The Adventure of life is waiting before us,
they tell us,*

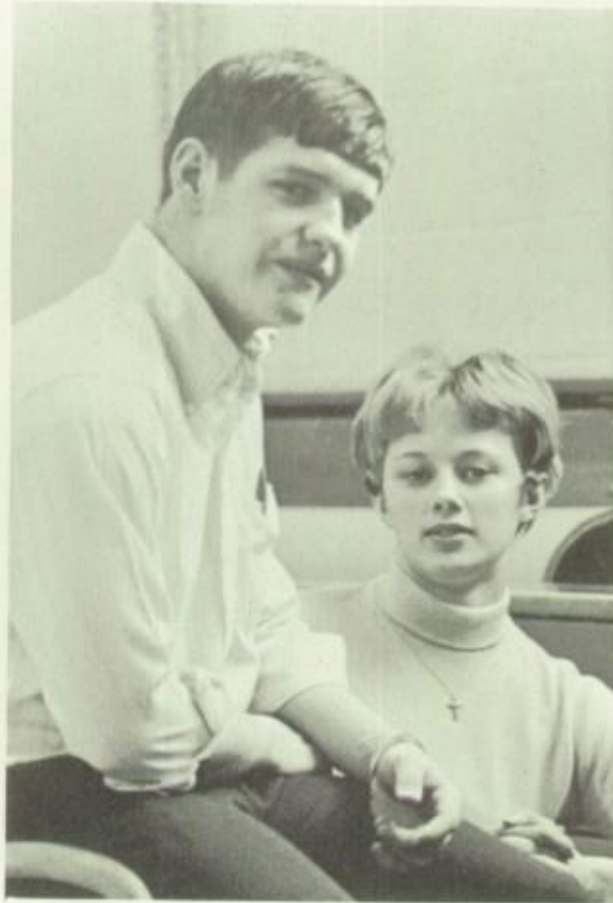

*As now we are leaving these halls.
When we're long, on our way,
And Life's tasks are more demanding,
We'll recall the happy ending
Of high school days.*

ACTIVITIES

Our Curriculum

□ The curriculum of Randolph Central School has been developed to offer all students the skills and knowledge needed to make them useful citizens in our democratic society. Every student is expected to complete basic courses in science and mathematics along with four years of English and history.

□ The remainder of the students schedule is comprised of elective offerings in language, art, music, agriculture, industrial arts, commercial, home economics and mechanical drawing. Special vocational subjects are offered at the Occupational Center in Little Valley.

□ To complete a well-rounded education extra-curricular activities are offered interested students. Athletics, Future Homemakers and Future Farmers of America, Varsity and Leaders' Club, the school newspaper and yearbook are some of the activities. These are under the sponsorship and supervision of faculty advisors. The total curriculum at Randolph Central is designed to offer a quality education to all students.

National Honor Society

☐ As a member of the National Honor Society a student, by Scholarship, Service, Character and Leadership, has achieved one of the highest honors that a high school can offer. As true student leaders, they hope to inspire others who are not in the organization to pledge themselves to become better citizens by upholding the ideals stated in this pledge.

☐ "I pledge myself to uphold the high ideals of the National Honor Society; to build a strong character in myself and others; to further the advancement of scholarship, and to serve my school, my community, and my country in the interests of humanity."

Student Council

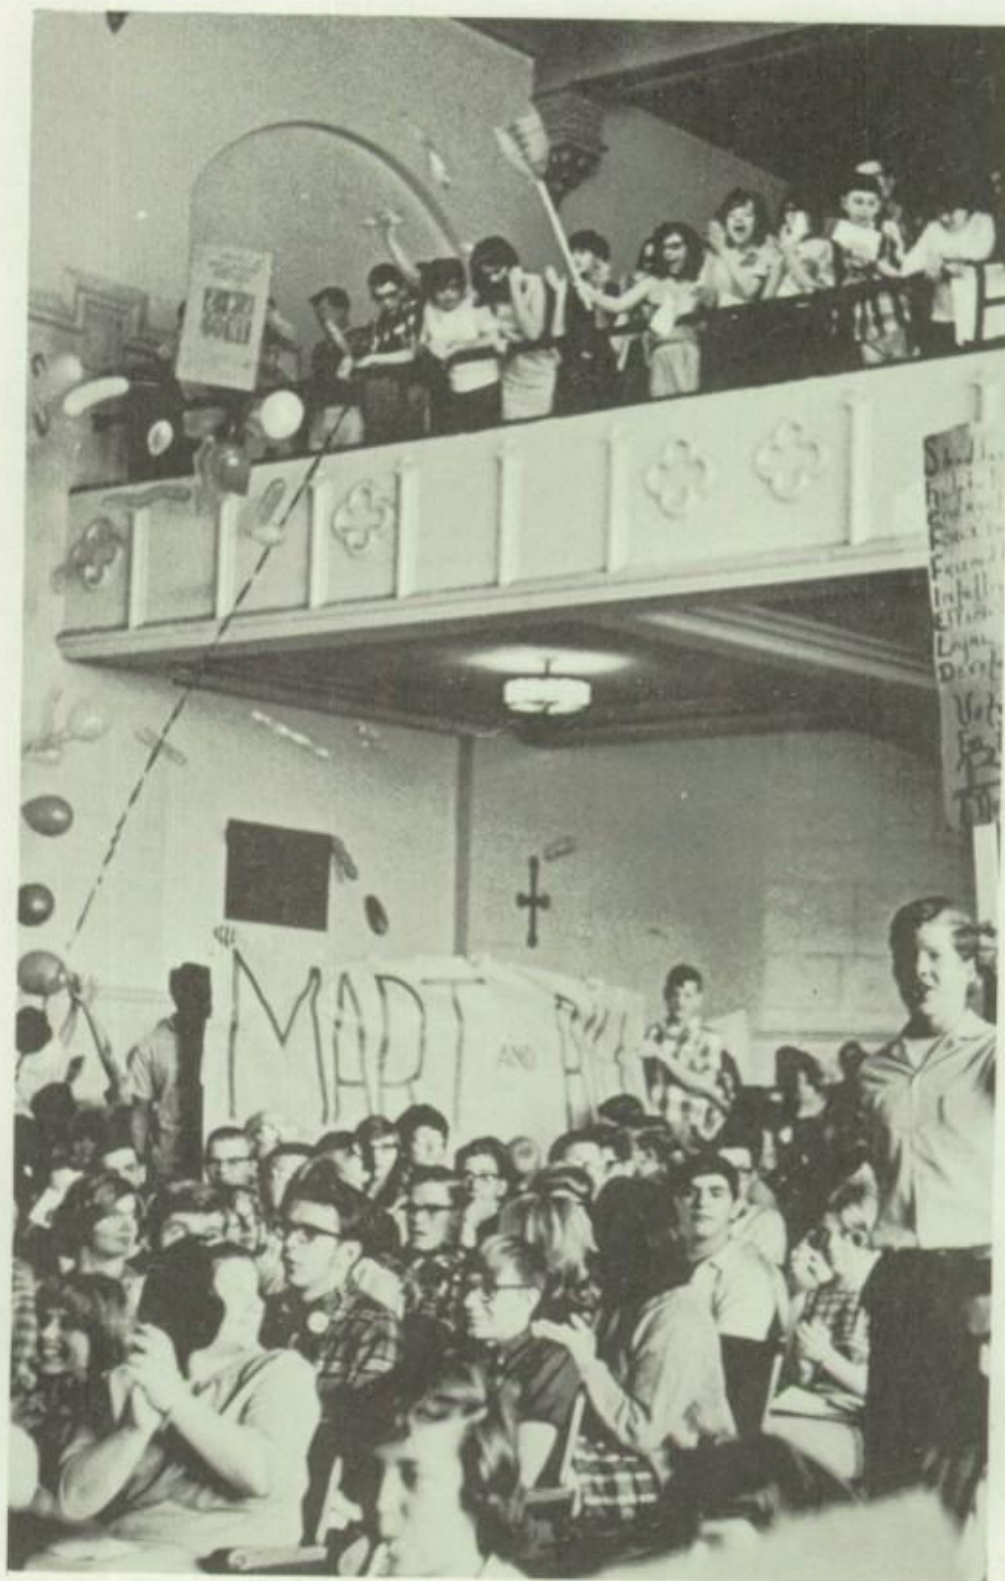

Election Day

□ Student Council elections are held in the spring of each year to select responsible representatives from the student body to preside over the council, the governing body of the school. An assembly is held after one week of vigorous campaigning in which each candidate presents his platform to the student body. After the speeches are given, the student body elects the President and Vice President by means of secret ballot. The President-elect takes office the following September.

Student Council

□ The Student Council is the governmental body of the school and is run on the democratic principle. There are twenty members who have been elected by their class to represent them at all Council meetings. The President and Vice-President of the Student Council are elected by the entire student body. A new program in operation this year is the election of alternates to take a member's place who is absent. The alternates can vote only when filling a vacancy but are allowed to serve on various committees and attend all meetings of the Council.

□ The primary duty of the Council is to schedule all extra-curricular activities planned by the different classes and organizations. It also sponsors the magazine drive at the beginning of the year, the foster child and the "Student of the Quarter" program. A new activity started this year is Dress Up Day.

□ In general, the Student Council assists the school administration by coordinating and performing many school functions. It is a great privilege to serve on the Randolph Central School Student Council.

Our Foster Child

The Randolph Central School Student Council sponsors a program in which it cares for a needy child abroad.

Their foster child, Truong ngoc Huong is from Viet Nam. She is ten years old.

She attends a private school where her tuition is paid by the Student Council. Only recently has she been able to write a letter to the Student Council by herself, and now a letter is received every month.

The money sent to her each month equals about \$8 in United States money. Six dollars is used to buy soap, medicine, cooking pots, umbrellas, and other such items. The remaining \$2 is used for her schooling.

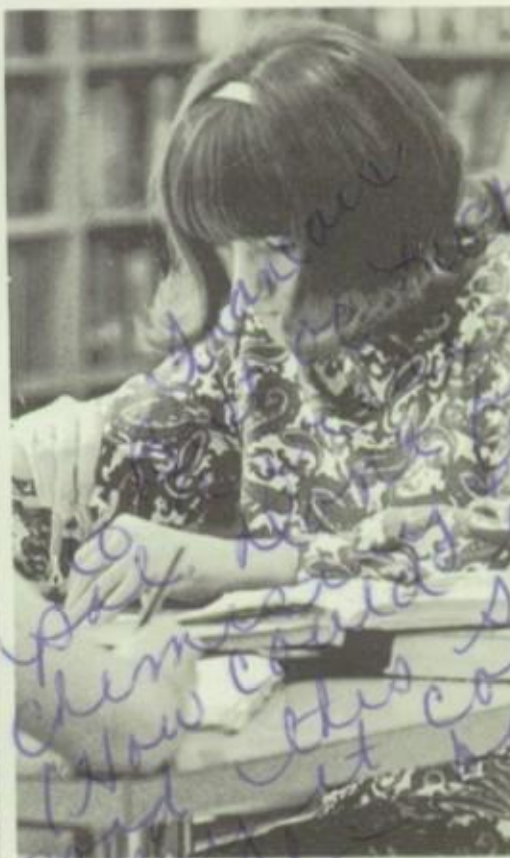

Truong ngoc Huong comes from a family of eight children. Her father repairs bicycles, earning approximately seventy-five cents a day. Because her mother is very ill, our little student journeys to the market where she sells rice mats, earning less than twenty cents a day. Her younger brothers attend school. However the older ones have had to quit school and work outside the home.

The Student Council enjoys immensely the duty of supporting their foster child, and hopes that it can sponsor her for years to come.

Varsity Club

☐ The acceptance requirements of the R. C. S. Varsity Club are few but taxing. Prospective members must have earned a Varsity letter and have the ambition and determination needed to perpetuate a club which is required to:

——— Act as a stimulant and inspiration in building a strong well rounded athletic program.

——— To occupy the leisure time of its members with worthwhile projects.

——— To set a good example in athletics for younger boys to follow.

——— To act as a serviceable organization in the school.

Randolph Central School is very proud of both the Varsity Club and its members for they have never failed to realize their objectives.

Leader's Club

☐ Organization of the R.C.S. Leader's Club was in 1962, for the purpose of promoting school spirit and leadership.

☐ The forty members of the club, chosen from grades nine through twelve, have been carefully selected on the basis of desirable, personal and scholastic qualities.

☐ Each year Leader's Club sponsors the Homecoming Dance, complete with queen and court. They also purchase jackets and present pins to the senior members at their annual banquet. For the first time this year they will present a trophy to the girl selected as the most outstanding cheerleader. In addition, they present a scholarship to a worthy senior who will further her studies to become a physical education instructor.

Some of these annual activities include Dairy-Judging tours, Rally Day and their participation in the county fair.

Future Homemakers Of America

☐ *The Future Homemakers of today are learning how to become tomorrow's leaders. They are being taught how to insure that truth, love, security, and faith will prevail in the strong homes they will build after leaving school. Through their efforts they try not only to improve themselves but also their surroundings. They believe that out of the concerned youth of today can the leaders of tomorrow's society grow.*
